Mess. R. Evans, Williams & Curwen

Com. on Well at Parsonage &c

Dear Sirs

My friend Dr Garrett writes me this morning that he has carefully examined the Water and finds it to be good. Perhaps his personal pleasantry to me expresses his scientific opinion rather better than the ~~Stilted~~ language of the Shop. Dr G. resides at Mount Airy & uses Schuylkill Water. He says:

"If you will engage to supply me with the above described water, (yours) I will pay double water-rent."

Respectfully yours

J. C. Booth
